

Just a recap, Innovative Lease Services is dedicated to providing the best possible solutions to all of your leasing needs and are excited to be working with you in the near future.

A recap of our core competencies:

5 Minute Credit Decisions - We are a Direct Lender

As a direct lender you can count on us for **rapid application processing**. In fact if you have a need for immediate approval just call. In many cases we can process the transaction for you over the phone in about 5 minutes.

Prompt Payment of your Invoices

You no longer need to bother with a long aging of your Accounts Receivable. We **can provide “pre-funding”** in many cases prior to your shipment of equipment and we can pay you via ACH for same day access to funds.

Competitive Pricing

As a direct lender we offer some of the **most competitive rates** in the industry. In fact we are able to customize the payment stream and buyout where necessary to fit the client's needs perfectly.

Flexible Credit Philosophy

Our QuikScore system is designed with the Equipment Vendor in mind. We can approve a transaction in 5 Tiers of credit risk, providing you with **more approvals in less time**. In fact we can even approve your **Start-Up** customers and C & D credit customers.

Ability to “Close the Deal”

When you work with ILS, your deal is always in good hands. A proactive leasing partnership with us is like adding another closing tool at no expense to you. And best of all we **protect your sale** throughout, our approvals do not travel to another equipment supplier.
